Submission of Dissertation Prospectus

Candidate:

(Print or type)

(Signed)

(Date)

Division:

Prospectus Title:

Email a copy of the prospectus to M. Elliot

Dissertation Advisory Committee approval:

I have reviewed the dissertation prospectus described above. The proposed research topic and the methods to be used are likely to produce a dissertation that meets the standard of excellence expected of a Ph.D. candidate at Yale University. Hence, I recommend that this prospectus be approved by the EPH Doctoral Committee. In addition, I have agreed to serve on the candidate's Dissertation Advisory Committee, and to be available for advice as needed.
