Yale School of Public Health Master of Public Health in Chronic Disease Epidemiology

Curriculum (2018-2019 Matriculation)

The M.P.H. degree requires a total of 20 course units. The M.P.H. in Chronic Disease Epidemiology (CDE) requires the student to complete or acquire an exemption from the following courses. Full time students must carry a minimum of 4 course units each semester. If a course is waived, a

substitute course must be identified.

MPH Core Courses (8 cours distics in Public Health distics in Public Health II dustice and Health Equity dations of Epidemiology for Public Health Policy and Health Care Systems Environmental, & Biological Determinates of Major Threats disional Skills Series dand Public Health: An Introduction for Internship (meets public health practice requirement) CDE Department Required Courses des of Epidemiology II (completed first year) for in Chronic Disease Epidemiology demesters, completed first year)	1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	Fall Spring Fall Fall Spring Fall Spring Fall Summer Spring Summer
